MOMBASA COUNTY.

CC: DEPARTMENT OF TRANSPORT AND INFRASTRUCTURE.

**RE: REQUEST FOR ACTION AT UFUFUO ROAD, AIRPORT WARD, CHANGAMWE
SUB-COUNTY.**

Ajenda Kenya and Mombasa Young Mothers are youth-oriented organizations formed in 2018 and 2022 respectively, whose operations are in Mombasa County. These organizations seek to address the growing gaps of youth grievances in the communities and in a special way enhance youth participation and voices in addressing local issues.

Following a community forum meeting with Airport ward community members on 15th February 2024, the community members raised the issue of stagnant water with garbage at Ufufuo road. The community noted that the road was constructed without proper assessment of the drainage channels. This causes stagnation of water along the road.

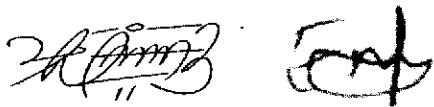

As such, we kindly request your mitigation measures to have satisfactory services for the improvement of the community's health needs. The major concerns identified included;

- The stagnation of rain water at Ufufuo access road exposes the community to malaria and other water borne diseases
- The road becomes totally impassable once there's rains which makes the area inaccessible

Your prompt response will be highly appreciated.

Yours Sincerely,

Two handwritten signatures in black ink. The first signature is more complex and stylized, while the second is simpler and more legible.
